Fabric Cleaning Recommendations

Outdoor Sun and Shade Polyester Fabrics:

Vacuum or lightly brush fabric frequently to remove loose dust and debris.

To clean spots and minor soiling – remove the inner cushion first and foremost,

spot clean with water and mild soap detergent to soiled area (spots) with a soft cloth or sponge.

All over machine cleaning is not recommended due to the finishes that will be diminished in the cleaning process with soaps and high agitation. For emergency spills, remove the covers from inserts, and immerse in cool water and lightly agitate to remove messy stain lay flat to dry.

If ironing is required, put a cloth between iron and fabric and press out wrinkles.

Sunbrella Cleaning Recommendations:

One of the big selling points of Sunbrella® fabric, besides its legendary durability, is how easy it is to clean. It won't be stained by chocolate, marker, red wine or other hard-to-remove stain causers.

With regular, light maintenance Sunbrella fabrics will stay looking great for years to come and you won't have to worry about life's messes!

Sunbrella Upholstery fabric can be used indoors on upholstered furniture pieces but also on removable items like pillow covers, cushion covers, slipcovers and draperies. To clean these removable pieces, you can wash them by hand or toss them in the washing machine. To hand **wash**, soak the fabric in a solution of 1/4 cup mild soap per gallon of lukewarm water. Use a sponge or soft bristled brush to agitate fabric if necessary and rinse thoroughly to remove all soap residue. **Sunbrella** can also be machine **washed** in cold water with a mild detergent. Always allow **Sunbrella** to air dry.

100% Cotton Cotton Duck Printed fabric Cleaning Recommendations.

Screen printed cottons should be dry cleaned to maintain the vibrancy of the colours.

If dry cleaning is not an option, hand washing in warm water, mild scrubbing or agitation

and rinsing fully in clean water. Lay Flat to dry. Iron with cotton setting.

Cotton / Linen blends

Dry Clean Only

Iron with cotton and linen settings. Take care with amount of steam. Always test an underside corner of the fabric first.

Home décor Velvets

Dry Clean Only

If Ironing is required, but a terry cloth over velvet, and lightly press with steam.

Lay flat to cool. Take care to minimally touch after pressing while still warm

to avoid hand prints. Always test an underside corner of the fabric first.

Use iron setting appropriate to fabric content.

Chenille

Dry Clean Only

If Ironing is required, but a terry cloth over Chenille, and lightly press with steam.

Lay flat to cool. Always test an underside corner of the fabric first.

Use iron setting appropriate to fabric content.

Silks

Dry Clean Only

If Ironing is required, but a cotton pressing cloth over silk, taking care to never contact iron

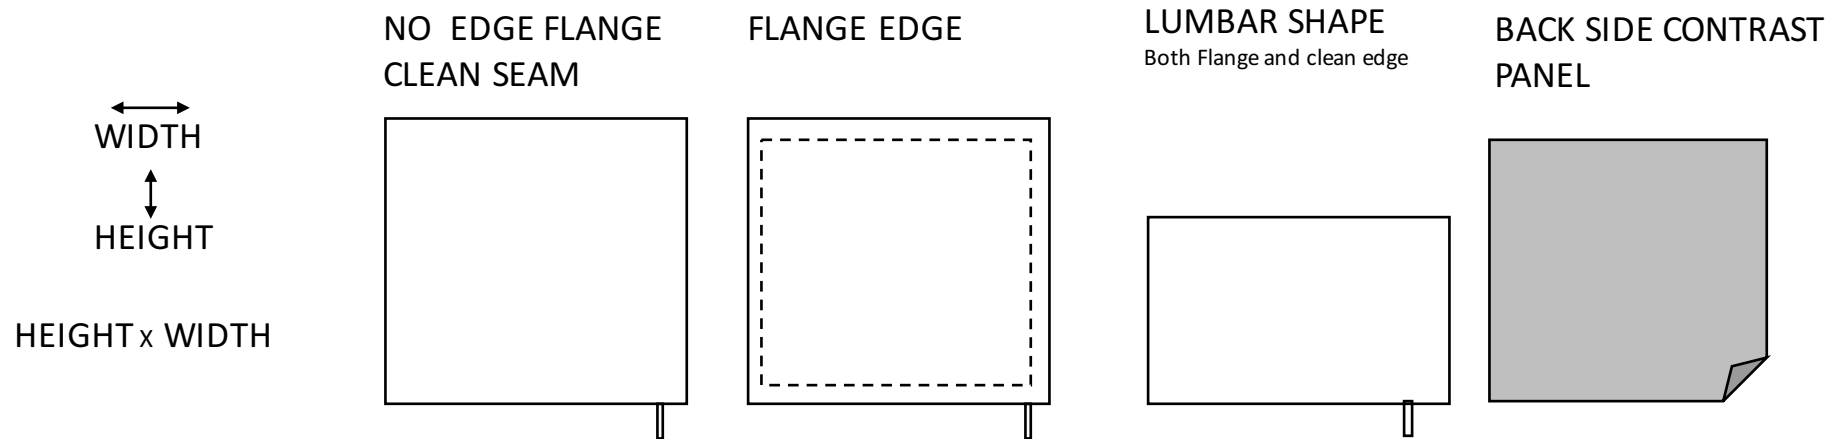

directly with silk fabrics. lightly press, using steam minimally. Lay flat to cool. Always test an

underside corner of the fabric first. Use iron setting appropriate to fabric content.
